Answer all the questions in the booklets provided.

No. of questions : Two (02)

No. of pages : One (01)

Time : One hour (01 hr)

Total marks allocated : 100%

Index No:

01.)

“Situation analysis of an animal product processing company or animal farm is composed with four sections as industry analysis, market analysis, and competitive analysis and SWOT analysis”. Explain.

(50 marks)

02.)

- I. Name **four (04) common types of budgets** used by a livestock farmer. (08 marks)
- II. Briefly explain the differences of above mentioned budget types. (16 marks)
- III. Suppose there is a dairy farm which is having 50 dairy cows. Since high marketability and potential demand for milk, farm manager is going to **propose change of adding another 50 cows to an existing herd**. To accommodate the additional cows, **100 acres currently used for grain production** would need to be converted to forage production.
 - a) Name the **best type of budgeting system** suitable to access this situation? (04 marks)
 - b) Prepare a **rough budget sheet** that you named in **III (a)** for above proposed change. (22 marks)
